

Wisconsin Insurance Exam Study Guide

The numbers and rules that show up on test day. Free from PassPro · passpro.company

1. The exam and the path to your license

Step	What to know
Pre-licensing	20 hours per major line from an approved provider: 8 general + 12 line-specific. The 8 general hours are needed once per 12 months. Education is valid for 1 year.
PSI exam	100 questions, 2 hours, 70% to pass, \$75 per exam. Five exams: Life 22-01, Accident & Health 22-03, Property 22-05, Casualty 22-07, Personal Lines 22-09.
If you don't pass	You can retest as soon as about 2 days later (seat permitting). No limit on attempts. Your emailed score report breaks results down by topic: study your weakest areas first.
After you pass	Fingerprints (Fieldprint Wisconsin), then the license application. OCI usually processes applications in 24 to 48 hours when not deferred for review.
Staying licensed	24 hours of OCI-approved continuing education every 24 months, at least 3 in ethics (major lines).

2. Life and health numbers

Rule	Wisconsin answer
Grace period (life)	31 days
Free look (life)	10 days; 20 to 30 days for replacement policies
Incontestability	2 years

3. Property and casualty numbers

Rule	Wisconsin answer
Auto liability minimums	25/50/10 (\$25K per person / \$50K per accident bodily injury / \$10K property damage)
Uninsured motorist (UM)	Required at 25/50, bodily injury only
Underinsured motorist (UIM)	Optional but must be offered; 50/100 minimum if bought
Medical payments	Optional; \$1,000 minimum if bought
Cancellation (s. 631.36)	Policies in force under 60 days are exempt from midterm limits. Midterm cancellation: 10 days' notice. Nonrenewal: 60 days. Less favorable renewal terms: 60 days (45 for personal lines P&C).
Wisconsin Insurance Plan (WIP)	Pays actual cash value only. Max \$350K dwelling/homeowners, \$500K commercial.
Workers comp required	3+ employees, or \$500+ in wages in a calendar quarter. Farms: 6+ workers on any 20 days.

4. Coinsurance, worked out

A \$500,000 building has 80% coinsurance, so it must be insured for \$400,000. It's insured for \$300,000. A \$100,000 loss pays: $(\$300,000 \div \$400,000) \times \$100,000 = \textbf{\$75,000}$ (before any deductible).

5. How Wisconsin first-timers did in 2024

Exam	First-time takers	Passed
All exams	7,215	58.1%
Life 22-01	2,547	60.7%
Accident & Health 22-03	1,889	56.3%
Property 22-05	996	58.9%
Casualty 22-07	980	59.5%
Personal Lines 22-09	46	58.7%

6. A simple study routine

- Learn the Wisconsin numbers on this page first; they're easy points once they stick.
- Do 10 practice questions a day and review every one you miss.
- Before you book, take a full timed practice exam: 100 questions in 2 hours.
- Retaking? Start with the two weakest topics on your score report.

Want practice exams, drills, flashcards and an AI study coach? The first 25 Wisconsin test-takers get PassPro free until exam day. Email amanda@passpro.company with the subject "Founding 25."

PassPro is supplemental exam prep. It does not replace Wisconsin's required 20-hour pre-licensing course from an approved provider. Always check current rules with OCI and PSI before your exam.
